AUTHENTIC MARATHON 2023

Last year our most successful event was the Marathon

What we did!

Current and former teachers, volunteers, students, and other people from around the world came together as a team to run the Athens Marathon and raise funds for the school.

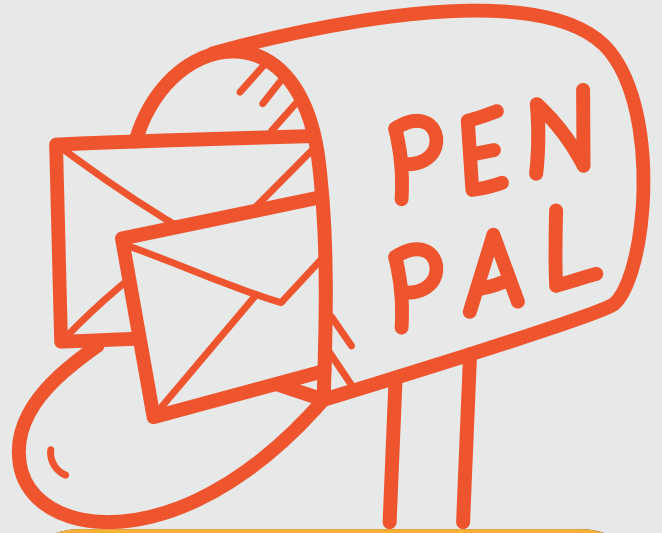

Malihe (student) after the run :

"I thrive on challenges and actively seek discomfort to push my limits. Completing the marathon was a prime example of stepping out of my comfort zone and realizing my true capabilities. It's in these moments of adversity that we discover our strength and potential."

PEN PAL PROGRAM

The Pen Pal Program is a way of talking to other students in another country. This program helps us to improve our writing skills. We speak to other students in other countries over e-mail about their daily lives. This program also helps us to make new friends from all around the world.

Karim

"Hi everyone, I am Karim a student at Habibi Center. The advantages of the Pen Pal program are that you can meet new friends communicate and share many things. It is a really good program and I highly recommend it to other students. Thank you!"

Anonymous Student

"I like my Pen Pal. I asked her about sports and food. I practiced my English. The program could be better."

Sulayman

"What I like about the program is my Pen Pal and I both like sports and we talk about each other's football team. He is into urban music and he wants to visit Greece one day."

Maliheh

"The thing that I like the most about this program is that I can connect with people from countries around the world. The interesting thing about my Pen Pal is we share our interests such as music."

STORIES OF HOPE

ANNA (AUSTRALIA)

YOUR TEACHER FEBRUARY TO APRIL 2024

"This was my first time teaching! It has been an exciting experience. Steph, Camille, Raf, and Julian helped me a lot and were very kind with their time."

The students at Habibi Center were super fun to teach and their curiosity, ambition, and motivation to learn made teaching a lot of fun. My students were patient and were as excited to hear about my country and background as I was to hear about theirs.

Hopefully, I can come back someday and teach again for a couple of months. Thank you for everything!"

ANDREW (USA)

YOUR TEACHER MAY TO JULY 2024

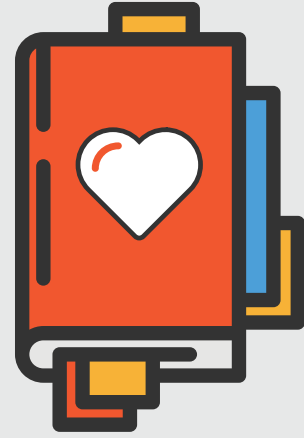

"Hey! My name is Andrew, and I'm from the U.S."

Ever since I was a little boy, I have wanted to learn about other countries' languages and cultures. After making friends with international students, I decided to get my degree in ESL education because I enjoy the experience of intercultural exchange.

When I was asked to teach refugee students, I said yes. I'm excited to spend the summer in Athens with Habibi Center!"

END OF THE JOURNEY

Current Team

"We learnt many new things in this short period of time. We are thankful for this privilege. Being beside this lovely and friendly group gives us more energy to keep on improving ourselves.

The workshop was a great experience that we got to have alongside some of our good friends at Greece, even though we're miles apart, it brought us all back together! Thank you for reading our magazine! Amazing experience with an amazing team again. It is more enjoyable than editing."
