# SOLUTIONS

**The solutions are inside the circle!**

# My experience at Habibi Center

My name is Abbas. Today I'm gonna share all of my experiences at Habibi Center. It is not just a place for me, it is like a home for me. 🏠

Before, when I came to Habibi I couldn't speak English and I hadn't had any conversation with people around the city.

Thanks to Habibi Center currently I can speak English. As a student here you can learn Greek and computer skills.

So, my suggestion for my readers is that you can come and try one of these activities.
